5. Lovelace physicals on LAC pilots are baing reviewed by addition
commander and surgeon to evaluate physical status and possible im-
provement areas.
6. FAA forms submitted to FAA. All pilots now current Class II.
7. Military and company personnel have received physicals, physiologic
training, and chamber indoctrination. There were no failures of this
course of instruction. Physicals are now being given by
Group to all IAC personnel. Chamber indoctrination will follow. IAC
employees attended physiologic training courses given at WRSP-IV.
8. Medical section now fairly well prepared for remote staging. Will
probably be completely prepared by end of September. The only lack
will be in number of required personnel.
9. took eight (8) days leave from 24 through 31 August.
